

Javier Marín Pérez

Technical Engineering Lead | Networks and Telecommunications

Technical Engineering Coordinator · Segorbe

javi3rsgb@hotmail.es · [LinkedIn](#)

PROFILE

Networks and telecommunications professional with 7 years of declared experience. Defines network solutions, validates equipment, automates repetitive tasks and documents improvements. Acts as a technical point of reference and trainer without line-management responsibility.

EXPERIENCE

Technical Engineering Coordinator · NETHITS IT SOLUTIONS SL

Mar 2020 — present · Albal · hybrid

- Planning, configuration, review and documentation of network projects, including technical-report delivery.
- Automation of repetitive tasks, improvement proposals and equipment validation through testing.
- Technical point of reference and training for four technicians, without line management, prioritisation or work allocation.
- Liaison with clients, suppliers and directors; cross-functional coordination with engineering, operations and support.
- Work with LAN, WAN, WLAN, SD-WAN, routing, switching and enterprise Wi-Fi across hospitality, education and business environments.

Communications Manager B · Mercadona

May 2019 — Dec 2019 · Paterna · on site

- Internal-client incident resolution across wireless networking, routing and switching with Cisco and Aruba.
- Use of Jira and Nmap in a role without responsibility for coordinating people.

CAPABILITIES

- LAN, WAN, WLAN and SD-WAN · Routing and switching · Enterprise Wi-Fi
- Fibre and structured cabling · Firewalls · VPN · High availability
- Troubleshooting · Capacity and performance · Documentation
- Monitoring · IP telephony · Automation · Virtualisation · Backups

TECHNOLOGIES AND TOOLS

Cisco, Juniper, Ruckus, Zyxel, Aruba, Fortinet, Palo Alto, Huawei, MikroTik, Ekahau, Zabbix, PRTG, Jira, Visio, NetBox and n8n.

EDUCATION

- Degree in Computer Engineering · Information Technologies — UPV, Sep 2014–Jul 2018. Final project: Performance analysis of the HTTP/2 protocol.
- Postgraduate Master's in Routing, Switching, Troubleshooting and Data Network Optimisation (CCNP) — University of Valencia, 2018–2019.

LANGUAGES

Spanish native · Valencian high · English B2 with daily technical use.
